

These are rough dimensions.

You should take into account slightly higher distances off ground if you have long bikes.

WallHook: overall simensions 8" x 3" x 5"

- ◆ 2 mounting holes ideally accept 3/8 inch fasteners
- ◆ Recommended rack spacing; 16 inch minimum w/ vertical stagger
- ◆ Vertical stagger should be 10 inches
- ◆ Ground to top of rack should be 68 inches for first rack
- ◆ Ground to top of second rack should be 78 inches
- ◆ Allow minimum 14 inches before your first rack and beyond your last rack
- ◆ Use proper expansion bolts or Rawl Spikes for concrete wall
- ◆ If not attached to studs, add 5/8" plywood backing
